

The four-bedroom getaway at Eagle Island

Aerial view of the salt marsh

## Eagle Lodge, Eagle Island, Georgia

Escape to a 10-acre private island surrounded by 2,000 acres of salt marsh. With nothing but peace and quiet for miles, you can't find this kind of alone time anywhere else. Forget your passport: Eagle Island is hidden away on the Georgia coast and is just a 10-minute boat ride from Darien. A secluded, four-bedroom upscale lodge is tucked under trees where bald eagles nest. Let the tides measure the time while you soak in the hot tub, linger in the outdoor shower or canoodle in front of the fireplace. Or trap blue crabs off the dock with your kids. Kayak through swaying reeds. Nap in a hammock. Wander the hiking trails. Do nothing. There is so much, and so little, to do. 912.222.0801, [privateislandsofgeorgia.com](http://privateislandsofgeorgia.com) —HSP
